
How to Ride NAT

Regular Route

The easiest, most dependable, and least expensive way to ride is to board a NAT bus at a designated bus stop at the scheduled time listed in this brochure.

Deviation Service

To request a special pick-up at your location, call Needles Area Transit at 1-866-669-6309 or 760-326-4348 on the day you desire the service. If time allows, the bus will deviate off its regular route and meet you at the time and location given to you by the dispatcher. Because of time and schedule constraints, not all deviation requests can be honored.
